Iconic Ken Duncan calendars will keep your brand foremost in your clients' minds, influencing their buying decisions on a regular basis. The original Ken Duncan panoramic landscape

calendar has been produced continually for the past twenty years and is still recognised as one of the most prestigious gifts you can give your clients. As your clients return to these powerful panoramic images often throughout the year - and enjoy reading the accompanying short stories - they will thank you for adding a little peace and inspiration to their lives.

Today, more than ever, your company needs to stand out from the crowd. A personalised book is a gift your colleagues will treasure and one that will give your brand ongoing exposure. Any gift book you select from the Ken Duncan range can be personalised to promote your brand and give you the edge on your competitors.

Book jackets can be foiled in gold or silver with your company name and logo or we can print your special message on a translucent page inserted inside the front cover. This timeless branding will stay with the book for ever, continually enhancing your company's image in the marketplace.
